

Introduction to Undoing Racism®

OCT 2ND • 10 AM TO 4 PM

Registration Due By September 24th

In this workshop, participants experience a humanistic process for laying a foundation to explore how we have been socialized and conditioned to think about race and racism by first analyzing class, power and institutional/individual relationships to and within communities. As power is analyzed concepts will be introduced that play a role in maintaining the current disparate racial outcomes that every system and institution produces.

The workshop is offered by the Peoples Institute for Survival and Beyond, a national, multiracial, anti-racist collective of veteran organizers and educators dedicated to building an effective movement for social change. They are recognized as one of the most effective anti-racist training and organizing institutions in the nation.
