Undoing Racism® Workshop

JANUARY 7-9, 2022

Registration Due By December 17th

The Undoing Racism® Community Organizing workshop is an intensive 2 1/2-day workshop designed to educate, challenge, and empower people to undo the racist structures that hinder effective social change. The training is based on the premise that racism has been systematically constructed and that it can be undone when people understand where it comes from, how it functions, why it is perpetuated, and what we can do to dismantle it.

The workshop is led by the Peoples Institute for Survival and Beyond, a national, multiracial, anti-racist collective of veteran organizers and educators dedicated to building an effective movement for social change. They are recognized as one of the most effective anti-racist training and organizing institutions in the nation.
